

ABOUT US

Hi there! My name is Linda Edelman. I started Custom Tours, Inc. in 1994. In my former life I taught school in CT, and in 1981 I moved to beautiful Vermont. Custom Tours, Inc. packaged its first New England Tour in 1994 with the attention to detail that is the backbone of our reputation today. We are also recognized for our foresight in the industry, mindful of your needs on tour, and always striving to make our tours more fun and relevant for you! The true energy and spirit of Custom Tours, Inc. originates with me – Linda Edelman CTIS, & President of Custom Tours. My enthusiasm inspires my guides and small staff. Early on I knew that to be successful I had to differentiate Custom Tours, Inc. from other tour companies and DMCs using unsurpassed customer care, personal touches, hands-on involvement, and extraordinary guides who share my passion, knowledge, and sincerity. Our guides truly bring the hidden treasures of our regions to life, insuring our success and your wonderful experiences.

TESTIMONIALS

Our experience working with Customs Tours has been wonderful. The staff goes out of their way to accommodate our needs. The guides are excellent to work with and our groups are entertained but educated on the areas they visit. Linda is so helpful and can always put a trip together that goes beyond our expectations. This is an outstanding agency to work with and we highly recommend them to everyone.

Culinary Delights

Culinary Tourism is a new term which encompasses everything from drinking fresh cider at a Vermont orchard, to watching a cooking demonstration by a noted local chef; from visiting Ben & Jerry's, to sampling Vermont artisan breads, cheeses, and chocolates at locally owned-and-operated farms and businesses. The strong farm economy in Vermont provides nutritious foods while preserving the close-knit communities of our state. **Custom Tours** allows you to experience the bounty of locally-produced meats, cheeses, breads, chocolates, maple syrups, ice creams, condiments, wines, and beers, while meeting the folks who dedicate themselves to the growth and production of all these culinary delights. *Farm-to-Table* is not just an ideal in Vermont, it is reality! All this, and world-class dining experiences throughout the state, too!
